

Bussing Information

By Pennsylvania statute the following school districts must provide transportation to MCCA:

- Elizabethtown Area
- Donegal Township
- Derry Township
- Palmyra Area
- Annville-Cleona
- Lower Dauphin
- Manheim Central
- Middletown Area

It is the responsibility of the parents to contact their home district directly to arrange for transportation.

General Information

- School districts will not transport children enrolled in the K4 program
- Early dismissals due to holiday: Most districts will provide transportation when MCCA dismisses early. *Please check with your school district.*
- Early dismissals & late arrivals due to weather: MCCA students using public school transportation follow the school district's decisions regarding early dismissals and late arrivals due to weather.
- School closings due to weather: MCCA students are marked "absent, excused" when their school district closes due to weather and MCCA is still in session. In this case, many parents decide to bring the students to school anyway so they won't miss class time.
- School calendar conflicts with school district: If the public school is closed but MCCA is still open, the busses normally still transport MCCA students. *Please check with your school district.*
