

Needed for  
students in grades  
K4 - 5 this year!

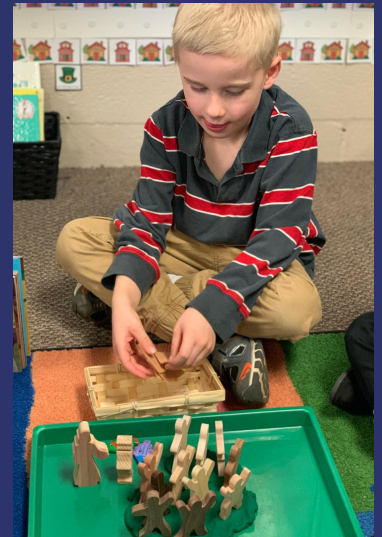

# BIBLE STORYING KIT

## WHAT YOU NEED TO KNOW:

We are so excited about our new Bible curriculum for elementary students being launched this fall! An important part of our Bible instruction will include students retelling the stories they are learning, and they'll need lots of fun props to help. Every student in grades K4 - 5 should gather regular, household items to create their own Bible storying kit and bring it to school on his/her first day - don't stress, don't spend...use your imagination and get ready to KNOW THE WORD!!
